1. Welcome

About The Idlewild Trust

Thank you for your interest in applying for funding from The Idlewild Trust. We are an independent grant-making trust that supports conservation and the arts across the UK.

The Trust was founded in 1974 using proceeds of the sale of property owned by Peter Minet in Camberwell and Lambeth in the 1960s. Since then we have been managing an endowment to enable us to distribute grants each year.

You can find out more about the Trust, our history and our work on our website: www.idlewildtrust.org.uk

Funding guidance

This purpose of this guidance is to help you consider if a grant from The Idlewild Trust fits your project idea and allows you to check you are eligible to apply. The guidance also provides some detail on the application process. If you require this information in an alternative format, please let us know.

Alongside this guidance you may want to review our Frequently Asked Questions on our website: <https://www.idlewildtrust.org.uk/apply-grant/faqs>

2. Overview

Grant programmes

We run two grant programmes:

1. Arts: Nurturing Early-Stage Professionals

Grants to improve opportunities for professionals working creatively within the arts at an early stage in their career.

Aim: We want to improve opportunities for professionals working creatively in the arts at an early stage in their careers.

How: We're interested in programmes that encourage and nurture the talent of professional musicians, dancers, actors, writers and artists in the performing, fine and applied arts at an early stage of their careers. Participants should be 18 years or over. Organisations applying should be UK Registered Charities in the arts sector, delivering high quality and professional work with a strong track-record. Programmes should be for talented early-stage professionals with existing training or very relevant experience.

Idlewild Trust also funds programmes for other early-stage professionals working creatively within the arts including composers, curators and theatre-makers (eg: directors and choreographers).

Idlewild Trust doesn't fund private or state higher, secondary or primary education institutions including universities, schools, colleges and conservatoires.

2. Conservation: Objects and Works of Art

Grants to support the conservation of historic or artistically important objects and works of art in museums, galleries, places of worship, historic buildings or their grounds.

Aim: We support the conservation of important works of art and objects that are being lost through the lack of funds to look after these works.

How: We're interested in projects that aim to conserve historic or artistically significant objects and works of art including artefacts, textiles, furniture, metalwork, manuscripts, wall paintings, tombs and stained glass of high quality. Works must be in museums, galleries, places of worship and historic buildings or their grounds, and be accessible to the public.

Available funding

We give grants of up to £5,000. The amount available varies year on year, but to give you an idea in 2020 we awarded 33 grants totalling £128,055 and 47 grants totalling £184,196 in 2019.

You can apply for 100% of the project costs or apply for funding towards a project where there might be multiple funding sources.

3. Application deadlines

During 2021 we are running one funding round. Future funding will be available in 2022 (dates to be confirmed).

Applications open	Monday 12 July 2021
Deadline for applications	Tuesday 14 September 2021 at midday
Decision outcome	By the end of November 2021

4. Eligibility

The following information is applicable to both our grant programmes (1. Arts and 2. Conservation).

Organisational status:

Organisations applying must be one of the following:

1. UK Registered Charity that is more than 2 years' old: with two or more annual returns submitted on time to the Charity Commission

2. UK Publicly Exempt Charity: most museums/galleries are Registered Charities, but not all. UK Publicly Exempt Charities include 14 named national museums and galleries listed in Annex 1, p.13 of this document: (<https://www.gov.uk/government/publications/exempt-charities-cc23>)

3. Church that is an Excepted Charity: ‘excepted’ because their income is £100,000pa or less and because it’s part of an organisation in listed Section 5 in the document here. <https://www.gov.uk/government/publications/excepted-charities/excepted-charities-2>. Other churches are required to register as a UK Registered Charity

Please note that we can’t fund the following organisations:

- higher, secondary or primary education institutions including universities, schools, colleges and conservatoires, whether state or private
- charities with the sole or main purpose of making grants
- organisations that have an income of £5,000pa or under

Additional requirements:

Safeguarding:

We ask applicants to attach a copy of the organisation’s current Safeguarding Policy: <https://www.gov.uk/guidance/safeguarding-duties-for-charity-trustees>

Location of project activity:

Idlewild supports projects in England, Scotland, Wales and Northern Ireland. We don’t fund charities or projects based outside the UK or involving travel outside the UK, nor projects in the Channel Islands or the Isle of Man.

The timing of your project:

We give priority to applications that have not started by the time the Trustees meet, but we can consider looking at applications for year-long projects that have only just started.

Projects which have been completed, or where the majority of the project has been delivered are excluded.

We can’t give grants to organisations that received a grant from Idlewild Trust within 24 months of the last award (measured between decision dates).

So if you received a grant in November 2019 you would be eligible for this funding round as the decision will be given in November 2021, but if you received a grant in November 2020 you would not be eligible until November 2022.

5. Specific guidance - Arts

What we can't fund: exclusions for Arts grants

We are a small organisation and our available funding is limited to our priorities for funding. The following exclusions apply to our funding:

Charities with the arts as a secondary or partial purpose	Charities must be in the arts sector with the purpose of delivering high quality, professional arts or visual arts programmes including theatres, arts centres, galleries, orchestras, opera and theatre companies. We can't consider applications from charities with a different primary focus e.g. charities helping young people into a wide range of employment.
Age and career stage	We can't fund: <ul style="list-style-type: none">• programmes for under 18 year olds or gap year students• programmes with the purpose of introducing people to the arts• programmes helping people prepare for entry to graduate-level training or similar. We consider programmes at the next stage of their development.
Projects or programmes we can't fund	We can't fund: <ul style="list-style-type: none">• management, outreach and administrative career development• programmes for just one person• commissioning of new works, touring programmes, performances, productions, festivals and exhibitions unless this is as part of a programme to nurture early-stage professionals.• programmes involving amateurs, even if soloists are professionals

6. Specific guidance – Conservation

Additional requirements for Conservation grants:

In addition to our eligibility requirements detailed under section 4, there are two additional requirements for projects funded under our Conservation grants programme.

- 1. Ownership:** Applicants must own the object/work of art to be conserved.

We can consider applications from museums with charitable status, where the object/work of art may still be owned by the local authority. If this applies to your organisation we need details of the agreement in place between the local authority which owns the collections and the museum/body which is managing and caring for the collection.

- 2. Conservation report:** Applicants must provide a completed Conservation Report by an independent and accredited conservator, including independent authentication, information on condition, proposed treatment and cost. If your organisation has an in-house qualified conservator, we'll accept an internal Conservation Report if the conservator is accredited with Icon.

Finding an Icon accredited conservator

Icon (The Institute of Conservation) is the UK's leading voice for the conservation of cultural heritage. Icon can help you identify a suitably qualified conservator using the Conservation Register www.conservationregister.com Further details about Icon can be found on their website www.icon.org.uk

Funding for conservation reports

If you're a Church of England church, funding for conservation reports is available from ChurchCare. Please see:

<http://www.churchcare.co.uk/churches/funding-and-grants/our-grants/grant-conservation-report>

What we can't fund: exclusions for Conservation grants:

We are a small organisation and our available funding is limited to our priorities for funding. The following exclusions apply to our funding:

Fabric/ Maintenance	We can't fund structural repair of buildings or routine maintenance, cleaning and preventative work on objects or works of art
Organs and Bells	We can't fund the conservation of organs and bells
Capital/new work	We can't fund capital projects and new facilities including extensions, redevelopments, heating and lighting
Environmental/Land Conservation	We can't fund environmental projects or conservation of lands
Conservation reports	We can't fund conservation reports. We ask that conservation reports are already complete before you apply to us. See above for information on grants for conservation reports if you're a Church of England church.
Timing	We can't fund large projects that are dependent on a major grant if that major grant hasn't yet been secured. Idlewild Trust gives small grants and so we don't consider projects relying on a large grant until that major grant is secured.

7. How to apply

To apply for a grant please register for an account and log-on to the grant portal on our website: <https://www.idlewildtrust.org.uk/apply-grant>

There are two separate forms, one for Arts and one for Conservation. Please select the correct form. At this time you can only apply for one type of grant at a time.

The online form includes guidance text throughout the form, however we have also created a reference set of questions as a word document so you can see clearly what we ask and to help you collaborate with any other colleagues who might be working with you on your application. Please see links below:

- Arts: Nurturing Early-Stage Professionals application questions for reference
https://www.idlewildtrust.org.uk/sites/default/files/uploads/arts_grants_application_form_questions_for_reference.docx
- Conservation: Objects and Works of Art application questions for reference
https://www.idlewildtrust.org.uk/sites/default/files/uploads/conservation_grants_application_form_questions_for_reference.docx

The questions are for reference only. **Please note that we will only be able to accept applications where submitted through our grant application portal on our website.** If you have any accessibility requirements, please email us and we will do what we can to modify or assist.

If you have any queries about the application process, please email us on info@idlewildtrust.org.uk

8. What happens next?

After you apply

You'll receive email confirmation that we've received your application as soon as your on-line application is submitted. If you don't receive the email straight away, check your spam or junk email inboxes first.

We may be in touch ahead of the decision meeting with any key queries on your application. If you do not hear from us it is likely that we have no queries.

Decisions

All applications are assessed initially by our Director. Decisions are made by our Board of Trustees. You can find out more about our staff and Trustees here: <https://www.idlewildtrust.org.uk/about-us/trustees-and-staff>

We aim to update you within two weeks following the decision meeting. For the 2021 funding rounds we anticipate contacting applicants with the outcome of their applications by the end of November 2021.

For unsuccessful applicants

The Idlewild Trust receives significantly more applications than we have funding available. As a small organisation we are unable to offer detailed personalised

feedback if your application is unsuccessful, but where possible we do try to give a picture of the level of competition for a particular funding round and any context which could be useful to all unsuccessful applicants.

For successful applicants

We take a light approach to our grant-giving which we hope is proportionate to the level of our grants.

After we have notified you that your application has been successful, we will issue our offer letter and terms and conditions which details next steps.

Evaluation and monitoring

We ask organisations that receive a grant to e-mail a 1 page A4 report (including an image or images where relevant) to info@idlewildtrust.org.uk when the project is completed, or 12 months after the date of the Offer Letter, whichever is sooner. This is a condition of the grant.

We may ask to use information and images provided on our website and social media channels as a case study or content to share our work and promote your organisation's activity. We will be in touch with you to request use of information shared if applicable.
